**Welcome to Summer in Cowal**

As you enjoy our beautiful part of Scotland's west coast, we would like to invite you to call in on some of the many local artists who have made Cowal their home. We are not a formal 'visitor attraction', but an informal group of working artists who spend much of our time either in our studios or out in the beautiful Argyll landscape that inspires so much of our work.

You will find more information about the days that individual artists will be in their studios throughout the summer at [www.cowalopenstudios.co.uk](http://www.cowalopenstudios.co.uk)

If you really want to visit one of our artists on a particular day, you are also very welcome to use the contact details in this leaflet.

Please note that our artists work in very different studio environments and Cowal Open Studios cannot take any responsibility for any injury, loss or damage during visits to the artists listed in this publication. If you have any specific access needs, artists will be happy for you to contact them individually to ask questions about accessibility.
